Dear Baerbel,  
congratulations for your achievement to have received the Federal grant from the 'Bundesstiftung zur Aufarbeitung der SED Diktatur'.

We know, that this was and is, due to your tireless day to day persistence, to move the objectives of "THE COLD WAR MUSEUM" forward.

But lets not forget and overlook the assistance of your dedicated supporters and helpers like Helmuth Mehland and the staff from the Harnekop Bunker Alliance.

We appreciate all of them!

Of course, there also is Horst Simon, the architectural creator of all the eye-catching historical displays. Thank you too!

Please forward the Press Release to the German language media in the States.  
Excellent work!
