Berlin/Harnekop, December 17, 2009

2009/2010 marks the 20th anniversary of the Peaceful Revolution and reunification of Germany.

I am very pleased to announce that the Cold War Museum / Berlin Chapter has received for the new project 2010, "Als Alles begann – Die Berliner Mauer.", a federal-grant. The supporter is the "Stiftung Aufarbeitung der SED Diktatur" (a government-funded organization devoted to the examination and reappraisal of the Communist dictatorship in East Germany <http://www.stiftung-aufarbeitung.de>).

I feel deeply honored; this is a great appreciation of our past and future work.

The opening of the exhibition will take place in June 2010 at Memorial Site Bunker Harnekop Lindenallee 1, 15345 Harnekop.
